The Maine Municipal Association (MMA) is a voluntary membership organization offering an array of professional services to municipalities and other local governmental entities in Maine.

MMA is a non-profit, non-partisan organization governed by an Executive Committee elected from its member municipalities. Founded in 1936, MMA is one of 49 state municipal leagues that, together with the National League of Cities, are recognized at all governmental levels for providing valuable services and advocating for collective municipal interests.

The Maine Municipal Association has a core belief that local government is a fundamental component of a democratic system of government. MMA is dedicated to assisting local governments, and the people who serve in local government, in meeting the needs of their citizens and serving as responsible partners in the intergovernmental system.

MMA's services include advocacy, education and information, professional legal and personnel advisory services, and group insurance self-funded programs.

### DIETARY REQUIREMENTS

We do our best to plan meals according to general dietary guidelines. If you have a specific dietary restriction, please call our office at least 5 business days prior to the start of the event. ### SMOKE FREE

Effective Sept. 1, 2015, in accordance with the provisions of the Workplace Smoking Act of 1985, smoking is prohibited anywhere within the MMA building or on MMA property. MMA maintains a smoke free campus.

### FRAGRANCE FREE

MMA recognizes the potential hazards caused by exposure to scented products and cleaning chemicals. We ask that event participants refrain from using products that contain strong fragrances so that we can maintain a safe and healthy learning environment for all.

## Workplace Active Threat Defence

This new MMA workshop, "Surviving the Life or Death Gap," has been called "the best training in any topic" by former attendees. It also may be the most important. Presented by former police officers now running a company called Blue-U Defense, this session starts with building a necessary foundation and establishing a high level of understanding of what we face during an unplanned incident of violence, and how our natural reactions affect our ability to respond. There will also be a segment on recognizing signs of impairment. Attendees will learn to think differently about what is truly necessary to survive, win – and go home.
