MOLD & MOISTURE PROBLEMS IN RENTAL UNITS

Presenter: Erin Bouttenot, Technical Manager, IAQ Laboratory, Northeast Laboratory Services

Session Moderator: Christine G. Crocker, Executive Director, Maine Indoor Air Quality Council

Mold and moisture problems in rental units can damage a landlord's property and make occupants sick. The Maine Indoor Air Quality Council is presenting an interactive session which will provide municipal officials with:

- A basic understanding of mold: what it is, why it grows, how to repair it;
- A review of recently developed guidance that landlords, tenants, municipal officials, public health officers, and others can use to resolve mold and moisture problems when they occur;
- An open discussion of the issues, including landlord-tenant communication strategies and barriers to municipal interventions;
- Brainstorming on what additional work is needed in this area.

MEMBERSHIP MEETING AGENDA:
