Payments will be made no later than March 31, 2023 and are not considered income for Maine income tax purposes.

The bill authorizes the Department of Environmental Protection, without hearing, to suspend the sulfur content requirements for liquid and solid fossil fuels if expected availability of the fuel complying with the requirements is inadequate to meet the needs of residential, commercial, or industrial users and specify in writing the period during which the suspension is in play.

Finally, for the duration of FY 2023 the bill temporarily suspends the law requiring certain General Fund revenue and resources be transferred to the Maine Budget Stabilization Fund.

Bills Without LD Numbers

[No LD #6](#) *An Act to Amend the Laws Regarding the Use of Engineers on Public Works Projects over \$100,000* (Sponsored by Sen. Farrin of Somerset Cty.) This concept draft bill would amend the laws governing the use of engineers on public works projects that exceed \$100,000.

[No LD #5.](#) *An Act Making Unified Appropriations and Allocations for the Expenditures of State Government, General Fund...for the Fiscal Years Ending June 30, 2024 and June 30, 2025*

(Governor's Bill) This is Governor Mills' FY 24 – FY 25 biennial General Fund budget proposal. Of municipal interest, the bill:

- **K-12 Education (Part C).** For FY 2024, calculates the total cost of K-12 education as \$2.54 billion, appropriates \$1.40 billion (55%) as the state's share, and sets the minimum mil rate expectation at 7.29.
- **GA Maximum for Temporary Housing (Part VV).** Limits General Assistance hotel or motel housing aid to the federal per diem reimbursement rate, which is currently \$98 for lodging, and to no more than 30 days, except that municipalities may extend temporary housing assistance if individuals are receiving services that will lead to attainment of permanent housing.
- **Highway Fund Transfers (Part RRR).** In FY 24 and FY 25, transfers \$100 in unappropriated General Fund surpluses to the Highway fund, of which \$80 million is used for highway and bridge capital improvements and \$20 million for investment in multimodal programs.
- **Homestead Exemption (A-28).** Increases state reimbursement to municipalities under the homestead exemption program to 76% for the April 1, 2023 property tax year and to 79% for the 2024 property tax year. Total reimbursement in FY 24 is \$103.5 million and \$108.5 million in FY 25.
- **Property Tax Stabilization Reimbursement (A-38).** Appropriates \$15 million in FY 24 and \$31 million in FY 25 to reimburse municipalities for 100% of the property tax revenue lost due to the senior property tax stabilization program.
- **Property Tax Stabilization Mandate Reimbursement (A-38).** Appropriates \$500,000 in FY 24 and \$550,000 million in FY 25 to reimburse municipalities for the cost related to implementing the senior property tax stabilization program.
- **Revenue Sharing (A-638 & A-641).** Honors the commitment to distribute 5% of state sales and income tax revenue to municipalities via the revenue sharing program, which in FY 24 is \$252 million and \$259 million in FY 25.

No LD #4. *An Act Making Unified Appropriations and Allocations for the Expenditures of State Government, Highway Fund...for the Fiscal Years Ending June 30, 2024 and June 30, 2025*

(Governor's Bill) This is Governor Mills' FY 24 – FY 25 biennial Highway Fund budget proposal. Of direct municipal interest, the bill appropriates \$24.2 million in FY 24 and \$25.5 million in FY 25 for distribution to municipalities under the Local Road Assistance Program.

No LD #2. *An Act To Support Municipal Franchise Agreements* (Sponsored by Rep. Melanie Sachs of Freeport) This bill provides that beginning on January 1, 2024 any new or renewed franchise agreement or contract between a municipality and a video services provider (VSP) that

includes payment of a franchise fee must: (1) authorize the municipality to use the fees to offset the costs to regulate the VSP, support provision of public education and governmental (PEG) programs; offset municipal property taxes; and any other purposes identified by the municipality; (2) require franchise payments to be made no later than 45 days after the end of the each calendar quarter, with failure to do so resulting in the assessment of a 12% interest payment on unpaid fees and enabling the municipality to terminate the agreement or contract for repeated failure to pay fees; and (3) require payments to be accompanied by a financial statement, verified as correct, identifying the total amount of gross annual revenue generated by the activities of the provider and a description of the calculation used to determine the payment, which at the municipality's discretion may be subject to an audit by a qualified third party selected by the municipality. The bill further clarifies that a municipality's acceptance of franchise fee revenue does not constitute agreement that the amount paid is correct unless the municipality has not initiated a process to challenge or audit the paid fee within 36 months of payment, or within 48 months of receipt of payment in cases where a financial statement is not provided. The bill also: (1) prohibits a VSP from offering or providing services within a municipality unless it has entered into a franchise agreement or contract with the municipality to do so; (2) grants the PUC regulatory oversight of VSP; (3) defines the terms facility support transmission equipment and PEG facility equipment program and signal; (3) replaces the term "cable system operator" with "video service providers" throughout the statute which is defined as a person that sells access to video, audio or computer generated or augmented entertainment services and owns or operates facilities located in whole or in part in public rights-of-way; (4) makes a VSP responsible for all cost for PEG equipment reasonably necessary to capture, process and deliver content and further provides that the VSP may not offset cost through the payment of a franchise fee, but provides that the VSP may recover costs from subscribers as permitted by law and negotiated by the municipality; (5) provides that a strand mile of cable is measure from the end of the current cable installation; (6) repeals the authority for municipalities to grant exclusive franchises; (7) requires the PUC to oversee and enforce the provision of the statute; and (8) authorizes the Attorney General to bring action to enforce the provisions of the law. Finally, the bill creates a dispute resolution process, authorizing the municipality or provider to petition the PUC to investigate and resolve the dispute or request binding arbitration by a mutually agreed arbiter from the Maine Association of Mediators.

No LD #1. *An Act To Amend the Growth Management Law* (Sponsored by Rep. Melanie Sachs of Freeport) This bill makes several changes to the Growth Management Act (GMA), including:

1. Defining the terms adjacent neighborhood, affordable housing, high-impact corridor, important natural resources, neighborhood standards, place-type, region, rural crossroad, rural farmstead, village center, working waterfront and workforce housing; amending the definitions of critical natural resources, downtown, growth area and rural area; and repealing the definitions of cluster development, multi-municipal region, and transitional area. (A summary of new and amended terms are included on the last page of the LD List.)

2. Amending the "purpose" section of the GMA to encourage the State to work with regional planning organizations or council of governments to develop multi-municipal growth

management programs to address residential and commercial development, transit, habitat protections, and water quality.

3. Amending established GMA goals to: (1) direct new development to growth areas to make more efficient use of public services and infrastructure, protect natural resources and related industries, and prevent sprawl and resulting traffic impacts; (2) plan for, fund and develop efficient public facilities, including public transportation, and understanding the cost associated with various development patterns and ensuring new developments generate the revenues necessary to fund ongoing infrastructure maintenance and replacement expenses; (3) ensure that municipal land use polices and ordinances encourage the siting and construction of affordable housing located near employment and services and that comply with provisions of state law regarding mobile home and mobile park siting and design requirements; (4) protect, maintain, and improve the water quality of each water body subject to state regulation and ensure water quality is protected from long term and cumulative increases in phosphorus in great pond watersheds and nitrogen in coastal waters; and (5) encourage municipalities to develop policies to accommodate older residents with aging in place, including appropriate housing options, transportation access and accessibility and availability of needed services.

4. Authorizes the state to adopt routine and technical rules related to the mandatory provisions of the GMA.

5. Until the inconsistency is resolved, authorizes state review of any proposed development project that is proposed within a municipality that has adopted a rate of growth, zoning or impact fee ordinance that is found inconsistent via court order or during a state completed comprehensive plan review.

6. Requires the municipal committee directed to prepare a growth management plan to: (1) create and implement a dynamic engagement strategy to bring together as many people from the community as possible through a series of public events and activities; (2) advertise a full schedule of meetings and opportunities for the community to engage in the process; and (3) share the draft plan broadly with the community, incorporate feedback, issue subsequent drafts and assist with and help champion implementation.

7. In the process of encouraging public participation in the development of the growth management plan, directs the municipality to: (1) assemble and provide key data and insight to the public in an easy to understand format at the beginning of the process to help inform the work; (2) solicit and consider a broad range of public input by holding an initial public workshop to gather big ideas and high priorities from the community; (3) conduct hands-on workshops with the public using maps to understand where residents want to protect critical natural resources and rural areas and how to focus development; (4) prepare illustrative master plans for designated growth areas where significant change is imaged by the community, with multiple alternatives and iterations generated and evaluated in response to public input and feedback, including at least two rounds of review and revision; and (5) provide multiple opportunities for the public to review and comment on draft plans, proposals and priority actions.

8. Requires municipalities to notify the state and regional planning organizations (RPO) that the comprehensive planning process has been initiated and directs the state and RPOs to work with municipalities to provide mapping for initial public workshops, including Beginning with Habitat maps and supporting resources. The state and RPO are allowed, but not required, to provide municipalities with additional useful data and mapping in response to the big ideas and high priorities identified by the public.

9. Amends the statute encouraging public access by requiring planning committees to advertise meetings through traditional and modern media channels and where possible, use hybrid meeting technology, and record meetings for viewing by individuals unable to attend scheduled meetings.

10. Amends the statutes requiring the planning committee to hold at least one public hearing prior to adopting the plan by requiring the committee to present the draft plan with an interactive portion of the meeting providing the public the opportunity to ask questions and provide feedback. Following the presentation of the plan, the committee must conduct a public comment period, after which the committee must make plan revisions and issue the next drafts. Councils and select boards are required to hold a joint public hearing with the planning board to ensure that all parties agree and to strengthen accountability and townwide ownership of the plan.

11. Requires a copy of the proposed comprehensive plan to be made available on the home page of the municipal website and in hard copies for public inspection.

12. Amends the data that may be analyzed in the process of drafting a comprehensive plan to include supplies of affordable, workforce and market rate housing, socio-economic makeup of the community and available for community networks, programs and support systems to respond to the needs of residents, and data related to the total length of road and other infrastructure liabilities to inform capital plans for the life cycle costs of existing infrastructure projected 30 years out and an understanding of the taxes necessary to pay for additional public services.

13. Requires comprehensive plans to: (1) include a description of the community's desired outcomes for critical natural areas, rural areas and designated growth areas; (2) identify and map conserved land and critical natural resources subject to formal legal protection and rural areas that deserve protection from unrestricted development; (3) identify and map designated growth areas including where development exist, where it should go and the desired pattern of development; (4) use data and maps to guide decisions on how and where to conserve and develop land and include in the comprehensive plan a variety of natural resource based maps; and (5) include an implementation plan consisting of policies and strategies to help the community achieve the plan's goals.

14. Requires adoption of land use policies and strategies that: (1) within designated growth areas reduce minimum lot areas, lots widths and unit sizes; align front and side setbacks with the development characteristics and patterns; allow for a range of multi-unit buildings types; designate use of municipal land for affordable housing; reduce or eliminate on-site parking requirements in downtowns, adjacent neighborhoods, villages and high-impact corridors; eliminate on-site open space requirements; provide clear and simple rules for accessory dwelling units; consider adoption of form-based development standards; establish timely permitting

procedures; and where new growth areas are identified, require neighborhood standard to be adopted in a way that implements the community's vision; (2) support development, including affordable housing by establish programs such as TIF, low-interest revolving loans funds, life safety and façade grants, reduce impact fees in growth areas and establish local or regional land banks or community land trust; (3) create a financial plan for the maintenance and replacement of exiting public infrastructure and services over a 30-year life cycle; and (4) with rural areas discourage incompatible development by establishing a fund for land conservation, increasing minimum lot area to 10 acres, assessing impact fees on subdivisions located outside of growth areas, adopting a rate of growth or cap on building permits issued for development outside of the growth area, allowing farmstands on lots that are five acres or greater, establishing a transfer of development rights program and adopting a policy that prohibits the municipality from assuming public ownership or maintenance of private roads located in rural areas.

15. Repeals comprehensive planning provisions that are either duplicative or in conflict with the standards established in the bill.

16. Clarifies state level review of submitted comprehensive plans must be based on adherence with the mandatory elements of the GMA.

New & Amended Definitions in An Act To Amend the Growth Management Law

New Definitions

Adjacent neighborhoods. Areas planned, built, and used for predominately residential activities prior to 1940 that are located within walking distance to the downtown or a high-impact corridor, include a mix of housing (single family, duplex, small apartment buildings, etc.) and are often of historical or architectural significance.
