

Celebrate 2023

Risk Management Services wants to recognize our partnership. The Workers' Compensation Fund and the Unemployment Compensation Fund are celebrating their 45 year Anniversaries.

These programs are an example of the success that Maine communities can achieve as we band together for the betterment of us all.

We thank you for your dedication and partnership and look forward to our future endeavors.

Claims

What do I do if a workplace accident does occur?

Act fast:

The primary focus is to ensure that the injured employee is cared for and safe.

- See to his/her immediate medical needs
- Call 911, or
- Call an ambulance to transport them to a hospital

Once the care for the injured employee has been established, the matter of notice must become a priority. For information on filing a First Report of Injury (login required):

Workers' Compensation Claims

In Your Inbox

MMA Risk Management Services has sent your Workers' Compensation renewal packet and invoice. Please look for an email from:

rmsunderwriting@memun.org

Please be sure to keep this document accessible for future reference and note that your first invoice is included in the attachment. The payment schedule, if applicable, is included on the contribution summary page (page 2 of the invoice), which provides future invoicing details. All future invoices will be emailed from our rmsbilling@memun.org email. If you would like to pay your invoice by ACH Credit, please contact our finance department at finance@memun.org for instructions.

The MMA Workers' Compensation Fund Board values your commitment to the Fund and thanks you for your continued participation. If you have questions about your coverage or billing, please call the Underwriting Department at 1-800-590-5583 or contact us by email at rmsunderwriting@memun.org

New Driver Training

MMA Risk Management Services has partnered with Safety National to create a safer driving environment for Members of the Workers' Compensation Fund.

Through our collaboration we are excited to offer three (3) driver training courses:

Police – Serve + Attention and Distraction

Fire – Serve + Attention and Distraction

Defensive Driving

These dynamic programs are designed to help employees protect themselves from the most frequent causes of crashes. So whether you are responding Code 3 or driving to your next meeting, we will help get you there safe.

To enroll in Driver Training, please visit www.memun.org or select the link below:

OSHA 300

OSHA 300 Logs – What are they and what am I required to do? This is a reminder that your OSHA 300A Summary of Work-Related Injuries and Illnesses for calendar year 2022 is required to be posted in a conspicuous location or placed where employees frequent from February 1-April 30, 2023. The Loss Control Department of Maine Municipal Association receives questions each year from our members about OSHA 300 logs and the posting of the 300A form. A full analysis of the requirements and tools is contained within the [Winter 2021 Municipal Risk Manager](#), page 2.
